Pustules on the Face, Blotches, Boils, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Disorders, Lumbago, Spinal Complaints, and all Diseases arising from an injudicious use of Mercury, Impradence in Life, or Impurity of HIS valuable Medicine, which has become cele

brated for the number of extraordinary cures effected through its agency, has induced the proprie tors, at the urgent request of their friends, to offer it the public, which they do with the utmost confilence in its virtues and wonderful curative properues. The following certificates, selected from a large number, are, however, stronger testimony than the nere word of the proprietors; and are all from gendemen well known in their localities, and of the highest respects bility, many of them residing in the city of dichmond, Va.

F. BOYDEN, Esq., of the Exchange Hotel, Richmond, known everywhere, says he has seen the Medisine called CLETER'S SPANISH MIXTURE, administered in over a hundred cases, in nearly all the diseases for which it is recommended, with the most astonishingly good results. He says it is the most extraordinary pedicine he has ever seen. AGUE AND FEVER-GREAT CURE.-I hereby

sertify that for three years I had Ague and Fever o the most violent description. I had several Physisians, took large quantities of Quinine, Mercury, and I believe all the Tonics advertised, but all without permanent relief. At last I tried Carter's Spanish dixture, two bottlesof which effectually curve me, and I am happy to say I have had neither Chills or Pevers since. I consider it the best Tonic in the world and the only medicine that ever reached my JOHN LONGBEN.

Beaver Dam, near Richmond, Va. C. B. LUCK, Esq., now in the city of Richmond and for many years in the Post Office, has such confilence in the astonishing efficacy of Carter's Spanish Mixture, that he has bought upwards of 58 bottles, which he has given away to the afflicted. Mr. Luck says he has never known it to fail when taken accord-

ing to directions. Dr. MINGE, a practising Physician, and formerly of the City Hotel, in the city of Richmond, says he has witnessed in a number of instances the effects of Carter's Spanish Mixture, which were most truly surprising. He says in a case of Consumption, dependent on the Liver, the good effects were wonderful indeed. SAMUEL M. DRINKER, of the firm of Drinker & Morris, Richmond, was cured of Liver Complaint of 8 years standing, by the use of two bottles of Carter's sanish Mixture.

GREAT CURE OF SCR)FULA .- The Editors of the Richmond Republican and a servant employed in their press room, cured of violent Scrofula, combined with Rheumatism, which entirely disabled him from work. Two bottles of Carter's Spanish Mixture made a perfect cure of him, and the Editors, in a public notice, say they "cheerfally recommend it to all who are micted with any disease of the blood."

STILL ANOTHER CURE OF SCROFULA .- I had valuable boy cured of Scrofula by Carter's spanish Mixture. I consider it truly a valuable desicine. JAMES M. TAYLOR, Conductor on the L. F. & P. R. R. Co,, Richmond, Va. SALT RHEUM OF TWENTY YEARS STANDING CURED.

Mr. JOHN THOMPSON, residing in the city of dichmond, was cured by three bettles of Carter's spanish Mixture, of Salt Kheum, which he had nearly twenty years, and which all the physicians of the city could not cure. Mr. Thompson is a well known merchant in the city of Rickmond, Va., and WM. A. MATTHEWS, of Richmond, had a servant cured of Syphilis, in the worst form, by Car-ter's Spanish Mixture. READ AND BE CONVINCED. PHILADELPHIA, March, 1, 1853. Dr. C. M. The same unerring eye directed the flight of this dog to the spot, where, after an absence of nearly seven years, he was the means of saving the life of his master, as you will see in the sequel. It came to pass, when nearly seven years had expired since the fright and

flight of Hero, (no doubt the poor dog was scared enough, when he heard the order for his immediate execution,) that his late master was sojourning on the border of Scotland and England. It was winter, and dark in that climate at 5 p. m. He put up at a tavern by the way side. As soon as he dismounted and went in the stable to see that his horse was cared for, he was followed by a large mastiff dog, who by every means that a dog could invent, endeavored to draw his attention. The gentleman sat down in the hall, the dog by his side, when he began to think there was something strange in the dog's attention and manhe guidance of the truly eminent Professors Phys- ner. He put his hand on the dog's head and spoke kindly. The dog encouraged, laid his paw on his master's knee, and looked earnestly into his face. Recollections arose in the memory of the master, and he exclaimed in surprise, "Why, Hero, are you here?" Hero was so pleased at the recognition, that he almost leaped sare, acts like a charm. This matter occurred shortly after the return of the army from America, after the war of Independence. Mr. Morton, the gentleman's name, informed the assailant he was prepared with fire-arms, and would shoot the first man that entered. Presently, he distinguished the voices of three men. when, after some further parley, an axe was sent for, to break open the door. At this critical moment the sound of carriage wheels was heard from afart the robbers paused. Mr. M. thrust his head out of the window, as the carriage approached, and halloed at the top of his voice. They heard his cries and stopped, when the robbers fled by the back door. There were four men in the carriage. They secured three women, whom they found in the house, and lodged them in jail. By their information, the men were caught soon after, tried and hung. The women were banished to Botany Bay for life. On searching the house, several corpses

Mr. Webster was fond of instituting historical parallels. He thought there was a striking resemblance in the histories of the younger Pitt and Hamilton. They both were men of premature intellectual strength. They both attained renown at very early periods of life. Pitt was made Prime Minister when he was 24 years old, and Hamilton had written some of his best essays on the financial condition of the country when he had not passed that age. There was also a striking resemblance in their style of composition, and turn of mind. They

were both men of great determination and of indomitable courage. Both were conservative in their politics, and cared little for popular clamor. They were both eminent financiers. Pitt, by his genius and skill, was "the pilot who weathered the storm" when England was surrounded with impending ruin; and Hamilton was the great American Secretary, who " smote the rock of the national resources. and abundant streams of revenue gushed forth, and touched the dead corpse of the public credit, and it sprung upon its feet." Both were the leaders and idols of their respective parties, and were, consequently, maligned and hated by opposing factions. Hamilton was a brave and accomplished soldier; Pitt, though he had never "led a squadron in the field," carried England in safety and in triumph through a long and bloody war. Pitt was the best Parliamentary debater and orator of his time in England : and Hamilton was equally distinguished among the orators and debaters of America. Pitt was the favored Minister of his sovereign; Hamilton was the cherished
